

# INVITATION

## The 4<sup>th</sup> Israeli Conference on Robotics **ICR** 19-20 November 2013, Hotel Dan Panorama, Tel Aviv, Israel **2013**

### Where INNOVATION meets ROBOTICS

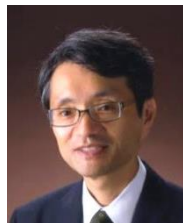

**Register now to secure your place at the leading Robotics Conference in Israel**  
**[Click here to register](#)**

19-20 November 2013  
Dan Panorama Hotel, Tel Aviv, Israel  
[www.icr2013.org.il](http://www.icr2013.org.il)

Attend the leading event in Israel that features world leaders in innovation, medical robotics, security and defense, and autonomous vehicles:

Prof. Bernie Roth  
Stanford

Prof. Yoshi Nakamura  
Univ. of Tokyo

Prof. Alberto Broggi  
Univ. of Parma

Prof. Itzik Ben Israel  
Tel Aviv Univ.

Prof. Stefan Weber  
Univ. of Bern

#### Thematic tracks

- Medical Robotics (ISRACAS)
- Robotics as a growth engine
- Robotics in education
- Robotics in agriculture

#### Panel discussions:

- Chief scientists panel, moderated by Yossi Vardi: Is Robotics the new high-tech industry?
- Encouraging innovation in large corporations
- Robotics vs. conventional surgery: lessons learned

#### Special invited sessions:

- Assistive Robotics

- Innovation
- Biorobotics
- Autonomous vehicles
- Robotics in the traditional and the semi-conductors industry

**Selected talks:**

- One CEO, one worker, one robot: how small is small?
- 14,000 km, 100 days, no driver: a robotic journey from Italy to China
- Innovating Robots and Products Using Design Thinking
- Human models for humanoid design
- Opportunities in medical robotics
- Will robots help democracies win "small" wars against terror?
- The accelerated growth of the domestic-robots market
- European research strategy for robotics.

**Robotics Exhibition:**

- A showcase of the latest products of the Israeli robotics industry
- New personal mobile robots for military applications
- Robotic spine and brain surgery
- A device that helps people rise from the wheelchair
- The latest models of domestic robots
- Demonstrations of robots used by the Israeli Army
- Advances in industrial automation
- Innovative projects and ideas seeking funding
